If, after searching in your spam or junk mail folder, you still cannot find our mail, please register using another email address. Hotmail and live mail servers in particular may consider our email as undeliverable spam-mail.

If an error message appears in red, please go back to that field and modify it until the error message disappears. Up until the deadline, you can log-in and log-out during the application process as many times as required. Before logging out, please remember to use the "SAVE" button on each page, otherwise any changes you have made will be lost.

- (1) The five tabs are: Personal Data, Professional Background, Educational Background, Personal Statement, and Research Plan.

II) **Preparing and uploading required documents**

- (12) *Optional*: Publications, if any (Note: a graduation thesis is not acceptable)

- (13) Letters of Recommendation: See III)

III) Arranging three to four letters of recommendation

Number of letters: To apply to PEPP, three or four letters of recommendation are required. If you arrange for four letters, we advise you to get two of them from persons who can testify to your academic work, and two from persons who can testify to your

professional experience. If you prepare three letters, you need to obtain at least one from a person who can testify to your academic work, one from a person who can testify to your professional experience, and the remaining one from a person for either academic or professional work.

How to submit: Letters should be submitted via the OAS *by recommenders* (see 1 below for details). Applicants whose recommenders have difficulty in submitting their letters through the OAS, however, may instead send them directly to the PEPP office via traditional post (see 2 below for details).

(1) Submission via the OAS

- i) Fill in each recommender's details in the 'Recommender's Information' section.
- ii) Click 'SAVE' (below).
- iii) Click on the 'Send a Request to Recommender X' button (this will open a page detailing the email that will be sent directly to your recommender with instructions on how to proceed).
- iv) Click on the 'Send a Request' button at the bottom of this next page too (The message: 'The request has been successfully sent to the recommender' will appear).
- v) Check with your recommender(s) to confirm they have received an email request with instructions.
- vi) If your recommender has received the email but does not upload a letter within a reasonable time frame, click on the 'Send a Reminder to Recommender X' button below the recommender's details (this will appear after the first request has been sent) and follow the steps to resend the email request as a reminder.

NOTE 1: The email address of your recommender *must* be an official email address. Official email addresses of Tsukuba University, for example, end in 'tsukuba.ac.jp'. *Addresses will be checked for authenticity.*

NOTE 2: Please check with your recommenders to confirm they have received their email request. If they have not received an email request after 10 minutes, please ask them to check their spam or junk mail folders. As indicated above, it may be that our emails have been automatically registered as spam or junk mail. If, after searching in their spam or junk mail folder, your recommender is still

unable to find the mail, please ask them for an alternative official email address to use instead. If you change the recommender's email address, please be sure to "SAVE" the changes first on the system, before clicking the "Send a Reminder to Recommender X" button again.

- vii) When a recommender has finished uploading her/his letter of recommendation, the OAS will notify you about this in the 'Current Status' section below.
- viii) Until a recommender uploads his/her letter of recommendation, you may change and save a recommender's details at any point (as long as you have not submitted your application). Note if you change the email details you must click the "Send a Reminder to Recommender X" button again in order to send a request to the new saved email address. *This applies also if you decide to save an alternative recommender's details instead.*

(2) By traditional post:

- i) Fill in each recommender's details in the 'Recommender's Information' section.
- ii) Click 'SAVE' (below).
- iii) Click on the 'Send a Request to Recommender X' button.
- iv) Click on the 'Send a Request' button at the bottom of this next page too (The message: 'The request has been successfully sent to the recommender' will appear)
NOTE: You will not be able to submit your application without doing this even if you ask your recommender to send a letter by traditional post.
- v) Download the Letter of Recommendation form from the "Required Documents" page on the OAS and email this to your recommender together with the address below.
- vi) Ask **your recommender** to print the form, fill it in and dispatch it in a sealed envelope to:

The PEPP Committee, Master's Program in International Public Policy, Graduate School of Business Sciences, Humanities and Social Sciences, University of Tsukuba, 1-1-1 Tennodai, Tsukuba, Ibaraki 305-8571 JAPAN

The letters must arrive at the University directly from your recommender, unopened, by the deadline.

IV) Submitting application

- Once you finish steps I) to III), click the "SUBMIT" button on the left of the screen.

- If any error messages in red appear, please check the error as indicated and make any necessary corrections. If there is no error message, the "Final Submit" button will appear, to indicate your application is ready for submission. Click the "Final Submit" button to complete the application process.

NOTE: **Changes cannot be made after clicking "Final Submit"**. Your application status will be changed to "Read Only". You will still be able to view your application, but you will not be able to alter any information. For this reason it is highly recommended that you review the information you have filled in and provided before clicking "Final Submit".

After submitting the OAS application

- If you have successfully passed the first screening, you will be notified. Following this, you will be asked to send original or certified true copies of the following documents by traditional post: Transcripts, Diplomas, Certificate of Higher Education and Medical Certificate. Failure to do so will result in disqualification of your application.

NOTE: The PEPP Office will not return any original documents sent from applicants who have not been contacted by the office.

- On the basis of the first screening, applicants will be invited to a Zoom interview.

Academic screening will be finalized late April 2023, with all applicants notified of results. Academically successful applicants will be notified on how to proceed with their scholarship application. ADB candidates' details will be submitted directly to ADB by the PEPP office; and World Bank candidates will be provided with required evidence and invited to apply directly to JJWBGSP's 2nd Application Window (Note 1: the university cannot answer any questions about this process; Note 2: until this process is complete, your application to the World Bank will not be accepted).

- We cannot respond to inquiries about the status of submitted applications. For more details about the selection schedule itself, please refer to the "[Application process and schedule from application to enrollment](#)" page on our website.
